

WELDING

Welding

Occupational Skills Award

The South Texas College Welding OSA (Occupational Skills Award) will enable a student to seek an entry level welding position; with potential AWS D1.1 Certification from the WLDG 1428 course.

Combination Welding

Certificate

This three semester program will prepare the students for entry level positions with skills in four welding processes (Shielded Metal Arc Welding, Gas Metal Arc Welding, Gas Tungsten Arc Welding and Flux Core Arc Welding).

Students will perform fillets, lap, corner joint and V groove welds with backing and open groove in the Flat, Horizontal, Vertical-up and Overhead positions. Students will gain knowledge in lay out and fabrication as well as blueprint reading for the welders, welding safety and metallurgy.

Graduate candidates will be eligible to take a welding performance qualification test in accordance with American Welding Society, as used in the industry.

Structural Welding

Certificate

This two semester program will prepare the students for entry level positions with skills in four welding processes (Shielded Metal Arc Welding, Gas Metal Arc Welding, Gas Tungsten Arc Welding and Flux Core Arc Welding) but does not go into the advanced welding level (open groove and pipe) as does the combination certificate.

Students will perform fillets, lap, corner and tee's joint welds in the Flat, Horizontal, Vertical-up and Overhead positions.

Graduate candidates will be eligible to take a welding performance qualification test in accordance with American Welding Society, as used in the industry.

Welding

Associate of Applied Science

This four semester program will prepare the students for entry level positions with skills in four welding processes (Shielded Metal Arc Welding, Gas Metal Arc Welding, Gas Tungsten Arc Welding and Flux Core Arc Welding). Students will perform fillets, lap, corner joint and V groove welds with backing and open groove in the Flat, Horizontal, Vertical-up and Overhead positions. Students will gain knowledge in lay out and fabrication as well as blueprint reading for the welders, welding safety and metallurgy. The curriculum also includes 15 credit hours of General Education coursework. Graduate candidates will be eligible to take a welding performance qualification test in accordance with American Welding Society, as used in industry.

Program Learning Outcomes

Combination Welding Certificate

1. Graduates will be able to execute proper welding techniques required to pass the

welding performance qualification test in various positions.

2. Graduates will be able to perform fillet and V-groove welds in the flat, horizontal, vertical-up, and overhead positions.
3. Graduates will be able to apply proper techniques to produce layouts and fabrication.
4. Graduates will be able to execute proper Gas Tungsten Arc Welds according to industry standards.

Structural Welding Certificate

1. Graduates will be able to execute proper welding techniques required to pass the welding performance qualification test in various positions.
2. Graduates will be able to perform fillet and V-groove welds in the flat, horizontal, vertical-up, and overhead positions.
3. Graduates will be able to apply proper techniques to produce layouts and fabrication.
4. Graduates will be able to execute proper Gas Tungsten Arc Welds according to industry standards.

Welding Associate of Applied Science

1. Graduates will be able to execute proper welding techniques required to pass the welding performance qualification test in various positions.
2. Graduates will be able to perform fillet and V-groove welds in the flat, horizontal, vertical-up, and overhead positions.
3. Graduates will be able to apply proper techniques to produce layouts and fabrication.
4. Graduates will be able to execute proper Gas Tungsten Arc Welds according to industry standards.
5. Graduates will be able to use basic math and measurement techniques to solve problems related to welding processes.

Advisory Committee Members

Reynaldo Rivera, AOC Welding Supply
Javier Olmos, Airgas
Bobby Quintero, RAM Welding Inspections
Robert Quintero, Palmer Steel Supplies, Inc.
Jerry Lefner, Alamo Iron Works
Giovanni Olivos - CV Industrial Supply
Jesse Mendoza - United Welding Supply

Occupational Skills Award

- Welding Occupational Skills Award (p. 1)

Certificates

- Combination Welding Certificate (p. 2)
- Structural Welding Certificate (p. 2)

Associate Degree

- Welding Associate of Applied Science (p. 2)
