

ENGLISH

Associate of Arts

The field of study curriculum in English transfers as a block leading to an English minor, a Bachelor of Arts in General Studies, a Bachelor of Arts in English or a Bachelor of Fine Arts in English. The flexible structure of this field of study provides students an opportunity to explore their own interests in either Literature, Creative Writing or Technical Writing, while also providing a firm foundation for a minor or major in English.

The course load allows students to complete their minor or major at a four-year institution and allows education majors to build the required number of courses within their teaching discipline (which according to TEA regulations must include 24 credit hours in the teaching discipline to qualify for a teaching position).

With a specialization in English, students will be uniquely prepared to succeed in today's competitive job market and will have a variety of employment opportunities available in such fields as technical writing, editing, teaching and pre-law, as well as numerous professions that require effective communication and analytical skills.
