

CAMPUS TOURS

The College Connections Department provides campus tours to prospective students, school groups, and the community. A campus tour allows visitors to experience South Texas College firsthand and provides the opportunity to explore the college and meet our faculty, staff, and students.

Campus tours are offered at each campus and are guided by Student Ambassadors and staff who are well-informed and prepared to answer any questions. As representatives of South Texas College, Student Ambassadors share their personal experience and provide valuable insight into programs, student life, and the resources designed to support student success.

To schedule a campus tour, call 956-872-2115 or visit <https://www.southtexascollege.edu/visit/>.
