

THE OFFICE OF STUDENT AFFAIRS

The Office of Student Affairs enhances the student experience through the development, delivery and evaluation of policies, programs, services and facilities that complement the academic mission of South Texas College and addresses issues of retention and graduation through ongoing assessment, interpretation and response to changing student needs. Additional information can be found online at <https://studentservices.southtexascollege.edu/> or by calling 956-872-3535.

Academic Advising

Academic advisors help students develop realistic academic goals and provide the proper guidance and tools to help students accomplish their goals. Student persistence and completion of higher education is promoted through diverse services offered to students at the Advisement Centers. Prior to registration, it is very important that students contact their advisor for assistance with course selection and degree planning.

Mandatory Advisement for First-Time-in-College Students

To ensure students are on the right pathway to completion, South Texas College implemented My Advising Plan (MAP) for First-Time-in-College (FTIC) students which includes mandatory advising. A Mandatory Advisement Hold is placed on the student record of FTIC students to ensure that they meet with an advisor for educational planning prior to registering for courses. During the mandatory advisement session, the academic advisor develops an Individualized Educational Plan and addresses important information such as stackable credentials when applicable and support services/resources available to help students stay in school and complete a certificate/degree. The Academic Advising Department maintains ongoing contact with FTIC students during their first year for continued academic advising to connect students to resources, communicate important reminders such as only taking courses within the selected career pathway, and to utilize DegreeWorks to monitor ongoing progress towards completion of certificate/degree.

NOTICE: The student is responsible for seeking academic advisement, knowing and complying with South Texas College's assessments and the State of Texas-Texas Success Initiative Rule (TSI) requirements for their declared degree or certificate program, and taking courses in the proper sequence to ensure progress toward his/her educational goals. FTIC students are encouraged to visit with an academic advisor every semester for academic advisement. Students beyond their first year are encouraged to contact their Guided Pathway Specialist (GPS) or Student Success Specialist within the Academic Program for academic advising.

For more information please contact your advisor or call the Advising Office at 956-872-8372.

Providing Academic Support to Students (PASS) Program

The PASS Program was created in 1993 as Project HOPE. The goal of Project HOPE was to assist single mothers in completing a postsecondary education by helping them pay for childcare. As the program grew, it became apparent that our participants had a variety of needs ranging

from financial to academic and emotional. Based on these needs, the program was redesigned to provide the support to meet those needs. Project HOPE became known as the Together in Achievement (TIA) and Striving Towards A Non-traditional Degree (STAND) programs. The needs for the services provided by both the TIA and STAND programs continued to grow rapidly, and by Fall of 2000, it was expanded to include all Technical/Vocational majors. As a result, the program went through another name change and is still known today as the PASS Program.

PASS, which is funded through the Perkins V grant and awarded by the Texas Higher Education Coordinating Board, focuses on the following:

- Career and Technical Education (CTE) programs
- Student persistence and completion
- Eliminating barriers for special population students (single parents, displaced homemakers, non-traditional students, economically disadvantaged and individuals with disabilities).
- Graduation

The PASS Program also provides specialized case management services to students enrolled in Career and Technical Education majors, Associate of Applied Science majors or Certificate majors. The PASS Program is able to assist eligible CTE students in the following areas:

- Case Management
- Career/Academic Advising
- Referral Services
- Child Care Assistance (Enrolled Full-Time)
- Lending Library (Textbook, Laptop, and/or Tools Assistance)
