

CREDIT BY EXAMINATION

Credit given by examination may be earned in technical courses only. Students who have been given grades other than a “W” in the course are not eligible for credit by examination. Grades for credit by examination are recorded as credit and are not considered in computing grade point averages. The minimum passing score for credit by examination is 80.

Credit earned by students not yet enrolled at STC is held in escrow until the student earns six credit hours at STC. Credit for CLEP, AP, IB, internal exams or combination thereof may not exceed 75% of degree requirements. Credit awarded for testing at South Texas College may or may not meet minimum requirements for credit at other institutions. It is the student’s responsibility to check with the institution they plan on attending to verify transfer requirements.

Cost of credit by examination is tuition only (based on the student’s residency status). Tuition for the course must be paid to the Business Office Cashier’s Department and a receipt presented to the instructor before the student is permitted to take the examination. The instructor must submit the credit by examination form and a copy of the exam to the Office of Admissions and Records.

Advanced Placement (AP)

High school seniors anticipating advanced placement through the College Entrance Examination Board (CEEB) Advanced Placement exams should make arrangements with their counselor to take the proper examination. This should be far enough in advance of their first college semester for their scores to be received and evaluated before registration begins. A student must have taken the Advanced Placement exam within the last five (5) years in order to receive credit.

Credit for International Baccalaureate Diploma (IBD)

The International Baccalaureate Diploma is an international program of courses and exams offered at the high school level. South Texas College will grant (CR) credit for IB exams with certain required scores.

In accordance with SB 111 and TEC 51.968, students with IB diplomas or certificates may receive up to 24 credit hours based upon minimum scores of 4 in either the Standard Level (SL) or Higher Level (HL) subject group examinations. However, course credit does not have to be awarded on any IB exams where the score received is a 3 or less. This may mean that such students will not receive 24 hours of college credit, even if they have an IB diploma.

Eligibility for Award of Credit

Prior to the award of college credit for IB diplomas or certificates, the student:

- A. Must meet all admissions requirements of the College.
- B. Must be pursuing a certificate or degree with a declared major.
- C. Must officially enroll and earn six (6) hours of academic credit.
- D. Must submit an official IB diploma or certificate and request examination scores directly from the International Baccalaureate Organization (IBO).
- E. Must have received at least a minimum score of 4 on the curriculum subject examination.
- F. Must petition for award of IB credit. Student may choose which credit is to be transcribed if IB scores indicate more than 24 credit hours meet established criteria.

STC will not award a degree based solely upon the number of IB credits transferred in toward a degree requirement. STC policies require students to take 25% of credit hours from South Texas College as a graduation requirement.

Students bringing in an IB transcript for credit evaluation should consider the total number of qualifying credits to be awarded. Additional hours above the required amount to graduate may have an adverse impact on students' financial aid or other grant programs. In addition, no Texas public university or college shall be required to accept in transfer or toward a degree program more than sixty-six (66) semester credit hours of lower division academic credit.
